

The challenge put forward by the Alki cooperative was to design a chair combining solid wood, their favourite material, with metal tubing. The objective was to create a broad range encompassing a lounge chair, stools and various models of stackable chairs as well as bistro tables. Form us With Love came up with a family of items based on a single wooden shell that, tilted and positioned differently, fulfils all these functions... So, the Atal range is made up of a straight, high stool, a welcoming armchair, a simple chair and an inviting, comfy lounge chair.
