Design
CarlesiTonelli

Combining different areas of expertise and careers in industrial design, they founded their studio in 2004. They link a passion for design to their knowledge of materials and technologies, and producers' demands to the market trends. They accept the challenge to find

new meanings in simple things, adding harmonious and friendly shapes to both private and public scenarios. Design, art direction and communications are the fields where they perform and interact with customers, in a relationship sharing values and goals.

At its sole discretion, the company reserves the right to change dimensions and type of construction, and to make improvements and other changes to its products. The printing process does not give a perfect

reproduction of the colours. For more accuracy, it is advisable to refer to the samples of materials available on request. All reproduction rights of all or part of the designs and illustrations are reserved worldwide.

Bliss

Joie de vivre

design CarlesiTonelli

With its playful and inviting shape, inspired by minimal floral designs, Bliss brings fun and lightness to every interior décor project. Textures and colours jazz up its lean but embracing lines, enriched by skilfully handcrafted stitching details that emphasise the quality of each creation.

The gap between the seat and the backrest adds an airy touch to the dynamic and embracing armchair version, which is even more practical to handle, clean and move around. This makes Bliss suitable for use in the most diverse settings, from public areas to hotels and office interiors, owing to a wide selection of bases and legs, both fixed and on castors.
